

# Leesburg Police Citizens Support Team

## Monthly Newsletter

## April, 2013

### Prez Sez

I must apologize for not getting a newsletter out in March. There were no Support Team activities to speak of or write about in February. However, that is not to say that Team members did not perform neighborhood patrol or call in suspicious vehicles or activities or patrol around Leesburg schools in February. They did!

Flower and Garden Festival is coming up in three weeks or so. We need lots of volunteers to break up the two day event into manageable bites. Please volunteer.

**PLEASE NOTE:** Our next Support Team meeting will be held **April 4, at 6:30pm** at the Loudoun County Emergency Operations Center (EOC), 801 Sycolin Road SE, near the Leesburg Airport (see map below). From 6:30pm to approximately 7:15pm, we will tour the EOC and learn how the County Office of Emergency Management handles disaster response and recovery. After the tour, we will hold our regular meeting in one of the EOC meeting rooms. This is a good chance to see a very interesting, state of the art operations center and learn about how various elements of the County government, Loudoun towns, and private organizations work together to respond to emergencies of all types. Please mark your calendars and meet at the EOC at the new, earlier 6:30pm time. The Explorers will be joining us for the tour only.

### Leesburg Easter Egg Hunt (March 23)

Nice brisk wind and chilly temperatures on this Saturday morning, but several brave Support Team members donned long underwear and heavy coats and reported to Ida Lee Park for this event. Maggie Longhurst, Jan Hepburn, Ed Boland, and Steve Hood directed traffic and foot patrolled to keep cars and kids safe.
